

2010-2011 Board Goals

1. Learning Proficiency

- To increase the percentage of students in grades 3-8 and 11 who are proficient in Reading Comprehension to 70% as measured by the ITBS/ITED national percentile proficiencies.
- To increase the percentage of students in grades 3-8 and 11 who are proficient in Math Total to 75% as measured by the ITBS/ITED national percentile proficiencies.
- To increase the percentage of students in grades 3-8 and 11 who are proficient in Science to 80% as measured by the ITBS/ITED national percentile proficiencies.

2. Facilities Stewardship

- The High School and Stewart Elementary construction projects will:
 - Be administered within the project's budget.
 - Minimize the disruption to our student's education.
- Continue effort to achieve the long-term vision for district facilities.
- Obtain financing by fall 2011 for renovation of the Middle School.

3. Communication will be respectful, transparent, productive, accurate, and ongoing.
