

The Washington Education Association has again sponsored sacks of food for needy families in our schools at Thanksgiving. This is the eighth year we have done this in connection with American Education Week. School Employees made this possible through monetary donations and the donation of time. It is a way we can give back to our school community. Families are suggested by school counselors, principals, assistant principals and nurses. This year we donated 174 meals. This year a sack of food cost \$17 (the price 8 years ago was \$16) and consisted of: a pre-cooked turkey roll, 5 pounds of potatoes, a can of gravy, a box of stuffing mix, a package of dinner rolls, 3 cans of vegetables (corn and beans), a sack of carrots, a bag of salad mix, a can of cranberries, a can of sweet potatoes and a no bake dessert mix. Thank you to Fareway Grocery for all your help with this project!
