

Lincoln School Families,

It was discovered this morning that we had a malfunction on a boiler pump, which filled the tank, causing water to to come out. In addition to that, the sump pump line burst. This all occurred in the basement. We currently do not have hot water at Lincoln, and it appears we won't the remainder of the day. Due to this, Lincoln lunch has changed. We will be serving a Sunbutter sandwich, carrot sticks, a fresh fruit option, chips and a milk. Please direct any questions to Teresa Beenblossom 653-3691.
