

A high-energy, hands on STEM camp June 10-14 from 9AM-3PM at Lincoln in Washington, IA. Camp is for kids that will enter K-6 next school year. This is our 9th year of Camp Invention!

This year campers will:

*Design/rebuild underwater equipment

*explore circuits, motors, and gears to design remote controlled robot to take on an obstacle course

*take on roles of engineers to conquer villains

*code bots to turn a polluted wasteland into money making machines & create devices to save animals

One lucky camper will get a *FREE* week of Camp Invention! Requirements.....

1. Your camper must be entering K-6 next year.
2. Your camper must be available June 10-14 for camp.
3. You must also be registering another camper.

Camp Invention 2019: Supercharged!

Wednesday, January 02 2019 07:50 -

Interested?? Email Janet Conrad (jconrad@washington.k12.ia.us) both your interested campers' names! Their names will go into the drawing.

Drawing will be Friday at 4:00!
