

Mrs. Allen's second grade class recently created a video to help teach Stewart Elementary students & staff what it means to be fair at home and school. Second grade leaders and an egg named "Bob" also helped everyone learn how to be fair and kind to others. A big thank you to Mrs. Allen's class for their hard work on the video! And THANK YOU to Kelsey Sievers for coordinating such great Character Programs at Stewart Elementary! We've got good character at Stewart Elementary!
