Discussion on trauma informed students and classroom training and expectations

- Profile of a Graduate
 - Journey - Teresa
 - Timeline - Veta
 - Feedback for board

Group feedback on Our Profile of a Graduate

- based on relationships
- big change from what we have done in the past-
- more current
- focused on tangible tasks they can complete
- life skills
- persevere is tough category- what does that look like
- thinking critically and innovate are two areas to improve on
- how do you add detail to each category in each building
- lot of opportunities to grow
- exciting to think that we are going to give time and focus on these six Pk-12.
- How do we evaluate?
- How do we know when they get it?
- Where are children growing in each area?
- Well rounded individual if you have all components
- how do we balance this with mandates and testing
- there is a need to look at these
- making sure they are continuous
- serving is really important
- use kid friendly wording
- portfolio?
- SBG?
- Would there be specific learning targets at each grade level that students would be required to meet to move on?
- Would we be able to find the time to allow students/classes to do community service projects etc... while maintaining the core subjects with the emphasis on testing?

- Make it continuous - not a “one and done”
- Serving as a heading?
- Kid-friendly working (grade level wording)

Elementary Summer school- passion projects- reading intervention, woodworking,

- Thank you for serving celebration
- Final Questions-
- Next meetings: September, 2018
